Play the Brain Drain game against the computer, or with a friend.

Record your friends' numbers and create faces to match.

Organize every minute of your day, or at least the important ones.

Whispering's pathetic. Exactly why Sega made the IR 7000, with fourteen different features. So you can communicate with your friends in class without making a sound, via its invisible infra-red beam. You can even play a game with someone across the room. Plus, the IR 7000 keeps numbers, addresses, has weekly and monthly calendars, speaks ten languages, and more. So check out Sega's IR 7000. Unless, of course, you like to whisper. Yeah, right.

BULLPEN COMICS BULLETIN

STAN'S SOAPBOX

Hi, True Believers!

By now, I imagine there isn't a Marvelite anywhere who hasn't seen television's newest animated cartoon hit, **THE MARVEL ACTION HOUR!** It kept us busy all last year, working with the greatest staff of animators we could find. And, y'know something? It was worth it! We never had more fun!

For one thing, it seems that everyone in Hollywood was clamoring to be part of the show. Why? Because it turns out that most of the film community here has grown up with Marvel! I wish you could have been here when we interviewed our staff. Every time we'd start to explain who the characters were and what the stories were about they'd interrupt us. "Hey, we know all about Jim Rhodes! Rhodey is Tony Stark's friend and he's a hero himself named War Machine!" Or, "You don't have to show us how to draw the Fantasticar. We used to make models of it when we were kids!" I tell ya, it was a blast. The guys and gals working on our show know as much about our books as we do! (They probably know even more, but I'm too embarrassed to admit it!)

HYPE BOX

NIGHTMARE #1

Welcome to our NIGHTMARE Limited Series! Starting this week the Lord of the Dream Dimension stars in this delectable love story that, according to editor Chris Cooper, shows "what happens when Nightmare falls in love with a mortal woman, and gives up his throne to become a mortal himself!" A new creature, Exile, takes over the dream dimension, and decides to send some demonic assassins to prevent Nightmare from ever coming back! NIGHTMARE is written by Ann Nocenti, pencilled by Joe Bennett, and inked by Mike Withersby. Chris promised that this series will most definitely give you nightmares!

HULK 2099 #1

The "big, ugly guy with the funny tongue" (as writer Gerry Jones refers to him) gets his own monthly book when **HULK 2099 #1** debuts this week. Gerry said the book will play off the idea of

Speaking of embarrassment, did you notice who's been acting as the host of the **MARVEL ACTION HOUR**? How could you help but notice — I'm in your face at the start of every segment! You may not know it, but it changed my life forever, and, generous soul that I am, I'm willing to share that change with you...

You see, early on I didn't want to host the show. I begged them to get someone else. I mean, it takes a lot of nerve to face a few million viewers week after week — especially with a face like mine! But, after filming the first few episodes, I decided it was cool. It got to me. I did what almost everyone else in Hollywood does — I became a real ham! (Even more than I had been!) Now, I can't wait till next season to do some more hosting! In fact, I'm trying to figure out how to get hired for the Spider-Man and X-Men shows! So that's my heart-rending confession. I've become addicted to being on screen!

I wonder — do you think Ren and Stimpy can use a host?

Excelsior!

Stan Lee

"the wild man in a technological world." In the first issue, Gerry introduces a new arch-enemy for ol' Greenskin: Draco, a cyborg who is part human, part perfect business machine! Gerry said he was "real happy" with the art for **HULK 2099**, which is provided by **Malcolm Davis** and **Chris Ivey**. No plans for a meeting between the present and future Hulks, but Gerry thinks his guy would win in a fight! Peter? Bobbie?

BISHOP #1

Editor Suzanne Gaffney on the **BISHOP** 4-issue Limited Series: "It's about Bishop... it's about his sister... it's about the one that got away... it's about time!" The story has the popular X-Man pursuing Mountjoy, the one villain from the future he has yet

to catch. Suzanne described **BISHOP** as "a quality package, through and through." The story by John Ostrander is excellent. The art by **Carlos Pacheco** and **Cam Smith** is bodacious! I should also mention the great coloring by **Joe Rosas**, and the amazing lettering of **Richard Starkings**! So what are you waiting for? Make the move for **BISHOP** today!
